Continuation Sheet. File No. / Current No. A 119 of 44 Page.

Srinivasa Murthy in the Food dept. expires on the 27th October, 1944. The General Manager, Iron & Steel Works has enquired if Mr Srinivasa Murthy would be relieved in view to the services are urgently required for the Iron Works. As Mr Srinivasa Murthy has been placed on special duty as "Transport Officer" in connection with the supply of fuel and charcoal to Bangalore city and is in addition in charge of all Kane Kani Karnik Works in Bangalore city the Director Considers that it is quite necessary to retain the services of Mr Srinivasa Murthy in the Food Dept for a further period of six months. His proposal is for order sent.

Letter no B/1141 dated the 14th November, 1944, from the General Manager, M.I.S.W. Bhadravati, stating that the services of Mr C.K. Srinivasa Murthy may be retained in the Forest Department for a period of six months from the 27th October 1944.

7) As the General Manager, M.I.S.W. has agreed the D.F.S's proposal to continue Mr C.K. Srinivasa Murthy in the Forest department for a period of 6 months from the 27th October 1944, may perhaps be sanctioned. But what allowances should be given to Mr Srinivasa Murthy during the extended period is for consideration. According to G.O. no Fo. 2058-60/A 119-44-2 dated the 17/20th October, 1944, Mr Srinivasa Murthy has, in the Forest Department, been given

(a) his grade pay of Rs. 300/- p.m. in the Iron Works

(b) a deputation allowance of 1/5 of his above pay.

and (c) a conveyance allowance of Rs. 75/- p.m.

Letter No. TR.C. 1043/44 dated the 21st February, 1945 from the Director of Food Supplies furnishing the remarks called for.

1) The D.F.S states that Mr. C.K. Srinivasa Murthy has got merged with the other officers of the Food department and that he has not been put on the special work entrusted Viz:, to bring the lorries of all the departments of Government including those of the Food Supplies Dept., under centralised Control, as there were no definite instructions from Government in that behalf. He also states that in the absence of a properly equipped workshop and necessary technical men it would have been impossible for this officer to bring about centralised Control of the lorries of all Government departments. He further states that the Food dept. now owns 76 lorries of which

Jc 801 Maintenance of Air Cle Services nursery.

He are stationed in Bangalore city and it is very essential to continue the Cle Servicing unit in the Food department (to look after the maintenance and management of these lorries.) till the end of June 1945 as originally proposed by them. This is a point for notice.

18) In connection with the establishment of a separate transport section in the Food Dept the W.T.S. has, in answer file, promised certain revised proposals re: establishment etc which are awaited.

2&) Mr.C.I.Machia, Special Officer, Fuel Supplies, Bangalore, whom I consulted in the matter is of opinion that it would be better if the regular servicing and repairs of the lorries of the Food Supply Department are got done at well-established motor repairers, the ordinary maintenance being attended to by the Department itself with the help of a small staff of fitters, helpers etc. He further states that the slightly higher repair charges at a Garage will be more than made up by the reduction in the maintenance charges. I agree with Mr. Machia ~~him~~ and suggest that this matter may be taken up after the new Transport Officer takes charge.

2') Mr.C.K.Srinivasa urthy, Transport Officer, was relieved of his duties on 27-4-1945 as already proposed by me in my letter No.TRC.1043 dated 14-4-1945 to Government and was directed to report himself for duty at the Mysore Iron & Steel Works, Bhadravathi.

3') As regards the doing away with the post of a Transport Officer, at Bangalore, as suggested at para 22 of the un-official note, I wish to state that it is absolutely necessary to have a Transport Office at Bangalore under the charge of a full time Engineering Officer, to function as the pivotal office for the receipts, repairs, distribution etc, of Lease/Lend lorries of the Food Supply Department. The following are some of the essential duties that the Central

Transport Office has to undertake:-

1. Taking delivery of the new Lease/Lend Chasses allotted,; sending them out for body building and gas plant fitting: getting them registered and distributing them among Districts as per instructions of the Director of Food Supplies.

2. Allocation, maintenance, supervision and management of lorries stationed in Bangalore City. The Lease/Lend lorries allotted to the Deputy Commissioner, Bangalore may also , when allotted, be brought under the direct management of the Transport Office.

3. Arranging to procure spare parts, tyres, tubes etc, for the lorries stationed ~~both~~ at Bangalore and ever for the lorries situated in Districts.

4. Withdrawal of ~~from~~ lorries from Districts and get Repairs of lorries ~~etc~~, ~~of lorries~~ in Bangalore, and making temporary arrangements during such repair periods.

5. To act in general as the Central Office for the Lease/Lend lorries of the Department in the State and to generally see to their proper maintenance and full usage.

2. I have, in my letter No.TRC.1043/44 dated 14th April 1945 suggested Mr.K.N.G.Dhwajan, Assistant Engineer, Bureau of Sanitary Engineering, Bangalore, for the post of the Transport Officer. Orders of Government appointing Mr.Dhwajan may kindly be obtained early as it is very necessary to have a full time officer to be in charge of the Government lorries, in the interest of their proper management and maintenance.

Just at the moment there is a glut of work with the arrival of the 50 Dodge trucks etc. At the same time it is not necessary to put a fairly Senior officer of Mr Dwajan's standing on this job for one year. Mr Dwajan may be appointed as suggested by D.F.S. for a period of six months in the first instance.

Subject.— Appointment of a Transport Officer in the Food Supplies Department.

In connection with the maintenance of motor lorries in the Food Supplies Department, the services of Mr. C.K. Srinivasa Murthy, Superintendent, Tramways, Mysore Iron and Steel Works, Bhadravati, were loaned to the Department in October 1944 but he was reverted to his original appointment in April 1945 at the request of the Mysore Iron and Steel Works. The Director of Food Supplies reported that in order to cope with the heavy transport work in the Department it was necessary to have a Transport Office at Bangalore under the charge of a full-time Engineering Officer to function as the pivotal office for receipts, repairs, distribution etc., of Lease/ Lend lorries of the Department. He also indicated the main functions of the proposed Transport Officer in the Department Viz :-

Paras 28-31 of this note.

(a) To take delivery of the new Lease/Lend chassis allotted and distribute them among Districts.

(b) To allocate, maintain and supervise lorries stationed in Bangalore City.

(c) To arrange to procure spare parts, tyres, tubes etc., required for the lorries.

(d) To attend to repairs of lorries and act as a Central Officer for the Lease/Lend lorries of the Department.

The Director recommended that Mr. K.N.G. Dhwajan, Assistant Engineer of the Public Works Department might be appointed as Transport Officer in the Food Supplies Department on his own grade pay plus a deputation allowance of 20 % of his grade pay and a conveyance allowance of Rs.50/- per mensem for a period of one year.

Para 38 of this note.

The reasons urged by the Director for the proposed appointment are quite convincing. Just at the moment there is a glut of work with the arrival of fifty Dodge trucks etc. At the same time it does not appear at the moment necessary to put a fairly senior officer of Mr. Dhwajan's standing on this job

(F.N.— contn.)

for one whole year. Mr. Dhwajan may be appointed, as suggested by the Director, for a period of six months, in the first instance, on his own grade pay, plus a deputation allowance of Rs.50/- and a conveyance allowance of Rs.45/- per mensem, with specific instruction to put the whole question of distribution of and repairs to lorries on a working footing within six months.

Para 59 Gleanings 181

My proposals were approved in Council at its meeting held on 1st September 1945, and in view of the urgency of the subject orders were issued accordingly with the approval of the Dewan.

I solicit the gracious approval of His Highness to the action taken in the matter.

Sir,

Subject: Continuance of the services of Mr. C.K. Srinivasa-Murthy, Ag. Superintendent, Tramways, Mysore Iron & Steel Works, Bhadravati as Transport Officer in the Department of Food Supplies.

In continuation of my predecessor's D.O. letter No. C1.1043/44 dated 13-8-44 re. pay and allowances of the above Officer during his employment in the Food Supplies Department, I have the honour to state that the period of three months for which his deputation was ordered expires on the 27th October 1944 and the General Manager, Mysore Iron & Steel Works, has enquired in his letter No.2132 dated 13-10-44 whether Mr. Srinivasa Murthy would be relieved on that date as his services are urgently required by them in connection with their fuel and charcoal supplies, Mr. Srinivasa Murthy has now been employed on special duty as Transport Officer in connection with the supply of fuel and charcoal to Bangalore City in order to ensure continued and satisfactory supplies of fuel and charcoal to the City, and is also in charge of all Lease-Lend Lorries working in Bangalore City. It is quite necessary to retain his services in this Department. In the circumstances, I request you to kindly obtain sanction of Government for the continuance of Mr. C.K. Srinivasa Murthy in this Department for a further period of six months.

I request also that early orders of Government may be kindly obtained re. the pay and allowances of the above Officer during his employment in this ~~District~~ Department.

With reference to your letter No.SD.2443 A.119-44-4 dated the 3rd November 1944, regarding the continuance of the services of Mr.C.N. Srinivasa Murthy, as Transport Officer for a further period of six months with the Government Food Supplies Department, I am directed to state that his services may be retained with the Food Department for a period of six months from the 27th October 1944. In this connection, I am to state that as the Works are also facing the shortage of trained officers and as his services are badly required in connection with charcoal and fuel supplies to the Works, the Food Supplies Department may kindly be requested to relieve him and revert him to the Works immediately after the expiry of the extended period of six months.

Office of the Director of Food Supplies in Mysore,
Bangalore, Dated 19th February 1945.

To

The Secretary to the Government of Mysore,
Development Department (Supplies),
Bangalore.

Sir,

Continuance of Mr. C.K. Srinivasa Murthy of the Mysore Iron and Steel Works in the Food Supplies Department.

With reference to your letter No. 3827/A.119-44-8 dated 6th January 1945 on the above subject, I have the honour to enclose for your kind reference a copy of letter no. W.106 dated 19th July 1944 from the Chief Secretary to Government to the General Manager, Mysore Iron and Steel Works, Bhadravathi and copied to this office, which appears to be the first intimation on record that this office had in the matter of posting of an Officer to look after the management and maintenance of the lorries of the Food Supplies Department. The letter posting Mr. C.K. Srinivasa Murthy to the Food Supplies Department clearly defines his duties thus:-

> "To make satisfactory arrangements for looking after the lorries which have been purchased by the Department in connection with the acquisition and distribution of foodstuffs."

It is also seen from the file that no further indication has been given by Government regarding the idea of this officer having been posted to the Food Supplies Department to go into the question of bringing the lorries of all departments of Government under centralised control.

2. It would therefore appear that my predecessor has merged this Officer with the other Officers of the Food Supplies Department and has not put him on the special work indicated, as there were no definite instructions from Government in that behalf. Besides, I am afraid that in the absence of a properly equipped workshop and necessary technical men, it would have been impossible for this officer to bring about centralised control of the lorries of all Government Departments. If Government decides to open a central organisation of this nature, I am of opinion that an Officer either of the Engineering or the Industries Department, highly qualified

qualified and experienced in the automobile line should be placed in charge of this work, with the facility of a fully equipped workshop and trained technicians. It would also be better if even the preliminary investigations are made by such an officer. As Mr. Srinivasa Murthy is not an automobile Engineer, he could not be suited for such a job. The department now owns 76 lorries of which 54 are stationed in Bangalore City and it is very essential that Mr. C.K. Srinivasa Murthy should be continued in the department to look after the maintenance and management of the lorries. I therefore request that orders of Government may kindly be obtained for the continuance of this officer in the Food Supplies Department till the end of June 1945 from 27th October 1944 as already requested in my letter No. SL-1080/44 dated 17th October 1944.

3 Early orders are solicited.

4 In the meanwhile, the possibility of entrusting the lorries to private firms for regular servicing is being investigated and a report will be separately sent shortly.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Food Supplies.

1.2. Enclosure.

Letter No....106 dated 19th July 1944 from the Chief Secretary to Government, Bangalore to the General Manager, Mysore Iron & Steel Works, Bhadravati and copy sent to the Director of Food Supplies in Mysore.

I am directed to state that the department of Food Supplies is in urgent need of an officer to make satisfactory arrangements for looking after the lorries which have been purchased by that department in connection with the acquisition and distribution of food grains. I am therefore to request you to kindly spare the services of Mr. Srinivasa Murthy who is in charge of the lorries of the Iron Works for employment for a period of two or three years under the Director of Food Supplies. I am further to request that this officer may be relieved immediately and directed to report himself to the Director of Food Supplies in Mysore, Bangalore, forthwith.

---- copy ----

Letter No.W.129 dated 26th July 1944, from the Chief Secretary to Government Bangalore, to the General Manager, Mysore Iron & Steel Works, Bhadravathi, and copy forwarded to the Director of Food Supplies in Mysore, Bangalore.

In continuation of this office letter No.106/W dated 19th July 1944, and with reference to your letter No.B.23 dated 25th July 1944, I am directed to state that the services of Mr.C.K.Srinivasa Murthy are required for a period of 2 or 3 months under the Director of Food Supplies and not for 2 or 3 years as mentioned by mistake in this office letter dated 19th July 1944.

D.No. 5852

Sir,

I have the honour to state that the General Manager, Mysore Iron and Steel Works, Bhadravati, has sent a copy of his letter No. B.321 of 29-3-45 requesting that Mr. C.K. Srinivasa Murthy may be relieved on 27-4-45, and directed to report himself for duty at Bhadravati, I am of the opinion that the request of the General Manager may be complied with and my letter No. TRC. 1043 of 15/16-2-45, suggesting an extension of the period of deputation of this officer upto the end of June 1945 regarded as modified.

2. I propose directing the Special Officer, Fuel Supplies, Mr. C.I. Machia, to relieve Mr. Srinivasa Murthy on 27-4-45 and be in charge till a substitute is posted for this important work.

3. In this connection I write to state that ~~the services of~~ Mr. K.N.G. Dhwajan, B.E., Assistant Engineer, Bureau of Sanitary Engineering, may be posted to this Department for work as Transport Officer. I am personally aware of the qualifications of Mr. Dhwajan for the post of Transport Officer and recommend that he may be kindly posted for work in this Department. Although a number of lorries is to be made over to the transport pool for fuel supplies, the number of lorries remaining thereafter will be considerable and as more lorries are being obtained to cope with the heavy transport work in this Department, the services of a full-time engineer officer with a good knowledge of automobiles and mechanics are deemed necessary.

4. I request the favour of very early orders on these proposals.

Sir,

Appointing Mr.K.N.G.Dhwajan as Transport Officer in the Food Supplies Department.

Adverting to your letter No.S.D.8064, dated the 20th instant on the above subject, I have the honour to state that none of the Assistant Commissioners of this Department were in charge of the Transport Officer's work and these duties were being attended to by an independent Officer whose services were borrowed from the Mysore Iron and Steel Works, Bhadravati. Eversince the reversion of this Officer to the Bhadravati Iron Works, the Special Officer, Fuel Supplies, Bangalore, is in additional charge of the work. The services of Mr.Dhwajan are therefore required urgently for filling up the post which was till now filled up by Mr.C.K.Srinivasamurthy, Transport Officer of the Mysore Iron & Steel Works. The retrenching of any of the Assistant Commissioners working in this Department does not therefore arise.

2. Even with the present number of Assistant Commissioners in this Department, it is often being found very hard to carry on the Administration, for

for officers still stationed to the Coast for attending to procurement of imported requirements, abolition of the local requisitioning of stores and for expediting the movement of troops from place to place in accordance with the movement programme.

3. Mr. Shumjan's services may at present be sanctioned for a period of one year. I am sure that this officer will at the end of this period effect savings in the working of this department which would more than cover the expenditure on account of his salary. I have known Mr. Shumjan to be a very capable and efficient Officer and for these reasons request that orders of Government may kindly be obtained for his appointment in this department, as Treasurers Officer for a period of one year, in the first instance.

Appointing Mr.K.N.G. Dhvajan as the Transport Officer in the Food Supplies Department.

In inviting your kind reference to this Office letter of even number, dated 28th June 1945, on the above subject, I have the honour to state that 22 Ford Chassis and 50 Dodge Lorries have been allotted to this Department during the current month, the latter of which will have to be collected from the Ordance Depot, Avadi. Fifteen out of the 22 Ford Chassis have already been received and the rest are expected to be delivered within the course of this week. This simultaneous additional allotment of a large number of lorries will result in ~~in~~ increased work like taking arranging of delivery, body construction distribution, registration etc, in the immediate future. Besides, some of these vehicles will have to be handed over to the Bangalore Fuel Supply Company and perhaps some to private transport Contractors, for food transport. If the Special Officer, Fuel Supplies, Bangalore, who is in additional charge of the duties of the Transport Officer should be continued in charge of this work ~~and~~ it is probable that the Fuel Supply work for which he has been specially posted will be adversly affected. Moreover, to attend to the increased amount of work consequent to the allotment of the large number of lorries, the services of a whole time independent Officer, are urgently required.

MEMO.

No. Tr.C.1043/44.

Date 6th August 1945.

Office of the Director of Food Supplies in Mysore,

Place Bangalore,

To

The Secretary to Government,
Development Department
(Food Supplies), Bangalore.

Sir,

In continuation of this office letter of even No. dated 25th July 1945 requesting immediate orders of Government posting Mr. K.N.G. Dhwajan as the Transport Officer of this Department, I have the honour to state that the 50 lorries allotted to us under Release Order 208 are ready for delivery and immediate arrangements have to be made for their collection from Avadi. Besides, the proposed distribution of these among reliable and reputed private agents in the district for food and fuel transport involves a good deal of work after the vehicles are received at Bangalore. The services of a wholetime officer are therefore very necessary in the immediate future.

2. I therefore request you, to kindly obtain immediate orders of Government to post Mr. Dhwajan to this Department instructing that Officer to join this Department forthwith.

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR OF FOOD SUPPLIES.
